Date: 09 June 2014

To,

1. **Joint Director,**
   Regional Directorate,
   Mumbai/Pune/Nashik/Aurangabad/Amravati & Nagpur

2. **Principal,**
   Government Engineering Colleges/
   Government Pharmacy Colleges/
   Government Polytechnics

Subject: Regarding data entry in the Construction Works module of DTE MIS software

Respected Sir/Madam,

The **Construction Works MIS** e-module in DTE MIS software **(http://www.dtedss.org)** is already made available to use by all the concerned users. It is being observed that though the software is online, many of the institutes are not filling up the data into the module.

It is to inform you that you are required to fill in the construction works data available with you till 31 May 2014. The entry of this data shall be completed on or before 21 June 2014. There will be a meeting scheduled by this Directorate to take a review about usage of MIS software.

We have already shared the Login credentials for MIS software with all the institutes. Please contact **(email: renuka.joshi@lkcindia.net || phone: +918605441000)** to know the login details and for any further operational support.

Important points to be considered regarding Construction Works module are:-

1. For the approved/on-going construction works, the colleges will have to fill in Administrative Details *(Please refer **Manage Administrative Details Screen**).*

2. The colleges shall **Update Construction Work Status** as on date. The data entry shall be completed latest by 21 June 2014. Updating of construction work status should be considered as a regular activity and responsibility of the institute.

3. The usage of MIS software should be regularly monitored by the Joint Directors for the institutes under their jurisdiction.
